

Now accepting new Medicare patients.

Hopscotch is a team-based primary care provider that believes care isn't just given within the walls of the clinic.

We go **above and beyond** to provide our communities with healthcare that's personal, simple and accessible.

What you can expect from us at
Hopscotch Primary Care

Primary Care, the way it was meant to be

What makes Hopscotch different from other providers?

Our team of doctors, nurses, community health workers, care managers and more spend real time with our patients and help connect the dots in a complicated system. We provide care beyond the clinic walls, helping with paperwork, setting up transportation, finding affordable medication and more...
